

Violence and Injury Prevention Criteria

To complete the Violence & Injury Prevention “focus area” this year, you must complete two of the following criteria.

1. Promote helmet use for skating, biking, skateboarding and riding scooters.
2. Assure all playground areas meet Consumer Product Safety Commission (CPSC) standards.
3. Take steps to prevent and control bullying at your school.
- ★ 4. **Write a policy** making the completion and submission of Student Injury Reports (SIR) mandatory for all reportable injuries.
5. Complete another project, which the UDOH Violence and Injury Prevention Program has approved.

When your school chooses to focus on violence and/or injury prevention this year, drop a line! Let the Violence and Injury Prevention Program know. They're available to help you in any way you need. Contact:
